

FLEXILOO®

the most versatile toilet systems in the world

We are extremely pleased to announce, that we are to supply a large amount of FlexilooFirst™ equipment to Opera Holland Park. An independent charity, led by a board of Trustees. The decision to upgrade their existing toilet facilities to the luxury of FlexilooFirst™, with its vacuum technology at their events, will enable them to provide their visitors with environmentally friendly sanitary systems, whilst still providing the luxury, cleanliness, reduction of water usage and waste that FlexilooFirst™ provides.

Their season commencing May 2017– September 2017, will be the unveiling of their brand new FlexilooFirst™ equipment. This year, they are holding a number of events including, La Rondine, Don Diovanni and Royal Ballet School.

OPERA HOLLAND PARK
sponsored by Investec Wealth & Investment

This month, we have supplied more FlexilooFirst™ equipment to our existing customers in South Africa and France. We are also in the process of supplying more to ZooEvents and Excloosive, increasing their already substantial collection of Flexiloo® products.
